

EWSnet Account Request Form and Agreement  
To Departmental User Responsibilities  
Department of Earth and Ocean Sciences Computer Committee  
May 2016

As a condition of use of the Department of Earth and Ocean Sciences Computing Facilities, the user agrees:

1. To respect the privacy of other users. The user agrees to not attempt to break passwords of other users on the system or to view, modify, or execute files belonging to other users.
2. To obey copyrights and licenses of software. The user will not make copies of licensed software to avoid purchasing the software or for distribution. The user will not install unlicensed software on any computer connected to the departmental network (including privately owned computers).

The University has a very simple statement about software privacy:

*The University of South Carolina  
supports Title 17 of the U.S. Copyright  
Code, which states: It is illegal to make  
or distribute copies of copyrighted  
material without authorization.*

3. The user also agrees to choose appropriate passwords and respond in a timely manner to requests from the computer committee or system administration to change passwords or remove files from public disk space.
4. The user agrees to abide by all departmental computer policies as posted at <http://www.geol.sc.edu/info/policies.htm>, including any future changes or revisions to these policies.
5. All new @geol and @seis accounts MUST be approved by the Director of the SEOE

I have read and understand the user responsibilities outlined on the previous page and at <http://www.geol.sc.edu/info/policies.htm>.

I agree to abide by these guidelines as a condition of my use of the computing resources in Department of Geological Sciences.

I understand that my account can be permanently disabled if I violate these policies.

I request an EOS E-mail account:
